

RESTLESS DEVELOPMENT

Who we are.

Restless Development is a youth-led charity, which works with Young People in communities to lead positive change across the world

Why we are here.

25% of the world's population is made up of young people. That's 1.7 billion people aged between 15-24 years.

Young people have the power to solve the challenges we face in our world, but they are being ignored and overlooked.

We are here to change that.

What we do.

Both here in the UK and around the world, we support and train Young People in many different ways to tackle issues they (and their communities) face in these 4 areas:

Education & Livelihoods

Voice & Democracy

Gender Rights & Equality

Climate Change & Justice

Click to learn more!

How we do this.

We support young people to become leaders.

We work with communities to create solutions to their challenges and hold their governments to account on issues that matter.

YOUTH POWER
