

English Writing Overview

At St Paul's we strive to ensure that all children develop the skills needed to become confident and competent writers. Children learn to write independently for a variety of different purposes.

Throughout the school, they will write stories, letters, poems and factual accounts with increasing emphasis on writing stamina, accurate punctuation, grammar, spelling and attractive presentation.

Each term has a principal focus and a variety of texts are studied, including one fiction and one non-fiction per half term. Please ask your child's class teacher or a member of the Leadership Team if you require further information about writing development and progression of skills throughout the school.

Autumn:

Sentence construction and punctuation

Spring:

Vocabulary development

Summer:

Writing techniques and composition
