1. Introduction: what a publication scheme is and why it has been developed.

One of the aims of the Freedom of Information Act 2000 (the FOIA) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this St Paul's C of E Primary School (the School) must produce a publication scheme, setting out:

- the classes of information which it publishes or intends to publish;
- the manner in which the information will be published; and
- whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in the School's publication scheme is available on the School's website, or in paper form on request.

Some information which the School holds may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Categories of information published

The publication scheme guides users to information which the School currently publishes (or has recently published) or which the School will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 5 of this scheme.

The classes of information that the School undertakes to make available are organised into four broad topic areas:

- School Prospectus – information published in the school prospectus.
- Local Committee' Documents – information published in the Local Committee Annual Report and in other governing body documents.
- Pupils & Curriculum – information about policies that relate to pupils and the school curriculum.
- School Policies and other information related to the School - information about policies that relate to the School in general.

3. How to request information

Requests for a paper version of any of the documents within the scheme can be made by contacting the School by telephone, email, or letter or the material can be download from the School's website <https://st-pauls-school.net>. Contact details are set out below:

Email: info@st-pauls-addlestone.surrey.sch.uk

Telephone: 01932 848528

Contact Address: School Lane, Addlestone, Surrey, KT15 1TD

To help the School process a request quickly, applicants should clearly mark any correspondence "PUBLICATION SCHEME REQUEST" (in CAPITALS).

If the required information isn't available via the scheme, and isn't on the School's website, applicants are still welcome to contact the School to ask if it is available.

4. Paying for information

Single copies of information covered by this publication are provided free of charge unless stated otherwise in section 5. If a request means that the School has to undertake a considerable amount of photocopying or printing (20 or more copies), or pay a large postage charge, or the request is for a priced item, such as some printed publications or videos, the School will let the applicant know the cost before fulfilling their request.

5. Classes of information currently available

The publication scheme guides applicants to information which the School currently publishes (or has recently published) or which the School will publish in the future.
